EDUCATION

B.M.S College Of Engineering

B.E in Computer Science And Engineering (Data Science)

CGPA: 8.7

2023 - 2027

Our Own English High School, Sharjah

CBSE X and XII

Class X: 95 Class XII: 92

2019 - 2023

EXPERIENCE

B.M.S. College of Engineering

Machine Learning Research Intern

Bengaluru, India

Oct 2025 – Mar 2026

- Developed a **Multimodal Machine Learning Pipeline** integrating linguistic and acoustic biomarkers.
- Achieved an **89% ROC-AUC** through rigorous **Feature Selection**, **Hyperparameter Optimization**, and comparative evaluation of ensemble and kernel-based classifiers.
- Implemented **SHAP-based Explainable AI (XAI)** to interpret model predictions, identify influential speech and language biomarkers, and improve the transparency of dementia risk assessment.

PROJECTS

ClassLogger - Smart Classroom Attendance App [GitHub]

- Developed a **Kotlin-based Mobile Application** to automate classroom attendance in real classroom environments.
- Implemented **Face Recognition**, **Location Verification**, and **Proximity Detection** to prevent proxy attendance.
- Tools:** Kotlin, Android Studio, FaceNet API, Firebase, WiFi-based Location Verification

AI Text Detection Web App [GitHub]

- Built a web application to classify **AI-generated** versus **Human-written Text** with high prediction reliability.
- Achieved a **ROC-AUC Score of 0.96** with real-time **Model Explainability**.
- Tools:** Python, Streamlit, Gradient Boosting, TF-IDF, POS Tagging, SHAP

Fake News Detector [GitHub]

- Built a **Deep Learning** model using **BiLSTM** to classify news articles through contextual text understanding.
- Integrated **Explainable AI (XAI)** techniques to interpret model predictions and linguistic patterns.
- Tools:** Python, BiLSTM, TensorFlow/Keras, SHAP, NLP Preprocessing

Credit Card Approval Predictor

- Designed a **Machine Learning Classification System** to predict credit card approvals using financial data.
- Achieved **85% Test Accuracy** through feature engineering, model tuning, and evaluation.
- Tools:** Python, Scikit-learn, Logistic Regression, Decision Trees, Pandas, NumPy, Cross-Validation

TECHNICAL SKILLS

Programming Languages: Python, C, Java, Kotlin, HTML, CSS, R

ML and Data Analysis: Scikit-learn, Pandas, NumPy, Matplotlib, NLTK, Tensorflow, Keras, Tableau, PowerBI

Databases: MySQL, Postgres, MongoDB, Neo4j, Redis

DevOps: Docker, Ansible, Jenkins, GitHub Actions

Tools & Platforms: VSCode, Git, Linux, AndroidStudio, Jupyter Notebook, Langflow, RStudio

CERTIFICATIONS

- Oracle Cloud Infrastructure:** OCI 2025 Certified Data Science Professional
- AWS:** Introduction to Generative AI, Cloud 101, Databases
- IBM Skills Build:** Build RAG models with Langchain and IBM Granite

EXTRA CURRICULAR

DSync Club – Data Science Club, BMSCE

Secretary

July 2025 – Present

Phaseshift, Utsav by BMSCE

Organizing Committee

May 2024 – June 2025
